RENEWED PETITION UNDER RULE 37 CFR 1.47(a)

This Request for Reconsideration is in response to the Decision Refusing Status under 37 CFR 1.47(a) mailed April 17, 2003. Gregory Keyes, the missing inventor, was employed by Meritor, and under an obligation to assign inventions to Meritor. Mr. Keyes has left Meritor and has not been located.

Applicant previously submitted (1) the fee under 27 CFR 1.17(h) and (3) a statement of the last known address of the missing inventor. The Decision on Petition states that (2) factual proof that the missing joint inventor refuses to execute the application or cannot be reached after diligent effort needs to be submitted. The Decision on Petition also states that (4) an oath or declaration by each 37 CFR 1.47(a) applicant on his or her own behalf and behalf of the non-signing joint inventor needs to be submitted.

Applicant has submitted factual proof that the missing inventor Gregory Keyes cannot be reached after diligent effort. Petitioner is submitting an affidavit signed by Horst Schumacher of Grosse Bockhorni Schumacher (Grosse) in Germany summarizing the efforts taken to locate Mr. Keyes and to obtain Mr. Keyes' signature for the declaration for this patent application. Grosse also send a copy of the complete patent application having serial number 10/089,032, a preliminary amendment, a declaration, and an assignment to Mr. Keyes at his last known address by registered letter (**Exhibit A**) on August 16, 2002. A declaration signed by Horst Schumacher is attached. The registered letter had registration number 07 6567 3284 7DE. The registered letter was delivered on

August 24, 2002 and appears to be signed by Gregory Keyes. A copy of the delivery receipt signed by Mr. Keyes is attached as **Exhibit B**. A translation of the delivery receipt and a certification of the translation are attached as **Exhibit C**. Grosse also tried to find the phone number associated with Mr. Keyes' last known address. The German telephone company Deutsche Telekom stated that there was no known telephone number for Mr. Keyes at this address. Grosse never heard any response from Mr. Keyes. The declaration of Horst Schumacher stating these facts is attached. To date, we have heard no response from Mr. Keyes.

Grosse sent another letter to Mr. Keyes by registered letter at his last known address on June 3, 2003 attached as **Exhibit D**. The correspondence included the complete patent application having serial number 10/089,032, a preliminary amendment, an assignment, and a declaration. The registered letter had registration number 07 3722 5004 5DE. A copy of the registered letter receipt is attached as **Exhibit E**. To date, we have heard no response from Mr. Keyes.

Applicant also submitted an oath or declaration by each 37 CFR 1.47(a) applicant on his or her own behalf and behalf of the non-signing joint inventor. Each of the inventors were presented with a complete copy of the declaration. The Decision on Petition states that the declaration filed on August 26, 2002 is not in acceptable form as the declaration includes multiple duplicate sheets. The Decision states that is unclear if the inventors were presented with only their signature page or if they were presented with a complete declaration for signing that was later compiled into a single document. A complete copy of the declaration was presented to each inventor, and the entire inventive entity appeared in the declaration as signed by the inventors. In response to the Decision, Applicant has submitted herewith complete declarations. The resubmitted declarations do not include any duplicate sheets.

Petitioner respectfully asks for reconsideration of the petition. Petitioner has presented evidence that diligent efforts have been made to locate Mr. Keyes. No further fees are required. However, if any fees are required, the Commissioner is authorized to charge Deposit Account No.

50-1482, in the name of Carlson, Gaskey & Olds, P.C., for any additional fees or credit the account for any overpayment.

Respectfully submitted,

CARLSON, GASKEY & OLDS, P.C.
